

Critters and Roots Farm

Locally Raised · Pasture-Raised Lamb · Family Farm · Lebanon, Oregon

We are a small family farm raising Katahdin hair sheep on Oregon pasture. Katahdins are a heritage breed prized for their mild, clean-flavored meat — less "gamey" than many other breeds, naturally lean, and rich in nutrients. Our lambs are raised on open pasture, growing at a natural pace. From our family to yours, we take pride in every animal we raise and every cut we offer.
